Amendments to the Specification:

Please add the following 2 paragraphs after page 6, line5 and before line 6:

"FIG. 6 is a schematic side view of a pipeline incorporating an alternate embodiment of the invention in which the longitudinal axis of the second pipe is curved from the upstream end of the second pipe to the downstream end.

"FIG. 7 is a schematic side view of a pipeline incorporating an alternate embodiment of the invention in which the cross-sectional area of the second pipe is not uniform along the length of the second pipe."
